'Looking Up' - Submissions now open

Entries are now open for the July- August group art exhibition at Realm Library!

The theme for this exhibition is 'Looking up' - from ancient cave paintings depicting the movements of comets to Van Gogh's *Starry Night*, the universe above our heads has been a muse to artists since the dawn of time.

Proposed works could be literal interpretations of the theme, e.g starry landscapes, or they could respond to related concepts, such as creation stories, the relationship between art & astronomy, and the search for self meaning.

The exhibition will run from the 14th of July to the 31st of August at Realm Library.

The deadline for expressions of interest is the 30th of June. Entry is free.
